

Bio for Robin Lamar

Robin Lamar started out as an Anthropologist and happily became a Professional Aircraft Mechanic. She has a FAA Airframe and Powerplant rating along with a FCC license. During her 17-year career working for both TWA and United Airline, she's worked on 747's, 777's, L1011's and Airbus's, on the line and in the hanger.

Robin is one of the founders of AWAM. She has been V. P. and held the position of president for two terms (4 years) When she stepped down in 2005 she was given the honorary title of 'AWAM Ambassador.' In 2001, she received the prestigious Aviation Maintenance Technician of the Year at the Women in Aviation Conference and has since won many scholarships including the coveted Pratt & Whitney International Training. She is well-known as a public speaker, teacher and writer in the aviation maintenance community.
